## Long range business jets

### Cessna Citation X

#### Mid size cabin aircraft

One of the fastest business jets in the world! This modern aircraft combines comfort and speed with savings and respect for the environment. It can use most of the airports in the world and reaches its cruising speed in very little time at 40,000 feet. These qualities enable it to take you quicker and nearer to your final destination than any other airplane. Its comfortable cabin ensures your confidentiality and privacy for work or rest in an enjoyable environment.
