Short & medium range business jets

Dassault Falcon 10

Light size cabin aircraft

Speed is one of its greatest qualities! This private jet is among the fastest in its category and is ideal for making the rounds of all destinations in Europe and in the Mediterranean basin, non-stop and with no connecting flights: With the Falcon 10, going from Reims to Istanbul or from Poitiers to Parma is no longer attempting the impossible because it can use the shortest of runways and airports not serviced by commercial airlines.
