Short range business aircraft on demand flights

Elegant and comfortable, this commuterliner is the fastest in its category. Its vast cabin welcomes up to 32 passengers in excellent comfort. With this aircraft, you can travel in all of Europe. Nothing should keep you from hitting several destinations in the same day and to get back that evening. That's the whole point of having a plane at your disposal: You can go from Reims to Innsbruck, from Rodez to Nuremberg, from Paris to Osijek with no connecting flights and by setting your own schedule.

The Dornier 328 TP is a modern and efficient commercial airliner. Environmentally friendly, it consumes less fuel and emits less CO2.
